Operations Management Trainee Cargill AgHorizons

Cargill AgHorizons Canada has full time opportunities available for Operations Management Trainees, which is an excellent point of entry for development into responsible management positions in Cargill's grain and farm supply operations across Canada. We are looking for people with potential to progress into leaders of multimillion dollar retail businesses providing essential products and services to farm customers.

Operations Management Trainees are responsible for carrying out all basic operations of a Farm Service Centre. Essential duties include unloading, grading, and binning grain, loading rail cars, receiving and shipping crop input merchandise. You will also become familiar with fertilizer and pesticide products and services, and will become involved in sales, marketing and business planning activities at a Farm Service Centre.

Locations:

Ontario – Princeton, Melbourne

Manitoba – Nesbitt, Dauphin

Saskatchewan – Clavet, Moose Jaw, North Battleford

Alberta – Carseland, Rycroft, Camrose, Lethbridge

Qualifications:

- Post-secondary diploma or degree.
- Strong interest in agriculture or food production.
- Demonstrated leadership skills, excellent interpersonal and communication skills, strong analytical skills.
- Farm background is helpful but not required.
- Must be willing to relocate after the training period (6-18 months) is complete.

To view the complete posting or to submit an application, please visit www.cargill.ca, click on **Careers** and search for the **CAN00185** position.

Application Deadline: March 2, 2012
