

JOB TITLE: TRACTOR MAINTENANCE MECHANIC

LOCATION: WINNIPEG, MANITOBA

CORPORATE OVERVIEW:

Gardewine Group Inc. is a Canadian owned, Winnipeg based, diversified freight transportation Company. Founded in 1952, we are a major competitor in the transportation industry. With our over 1500 employees, 1800 pieces of transportation equipment, and terminals located from Ontario to British Columbia, we offer a variety of freight transportation services. We have grown into six divisions which offer LTL (perishable and non-perishable), flat-deck, dedicated cartage, small parcel, and logistics services. Our organization offers a broad spectrum of career choices.

JOB SUMMARY:

Reporting to the Trailer Maintenance Supervisor, this position completes all types of routine maintenance on the Gardewine Group of Companies tractor fleet. Some repairs of other equipment may be required.

JOB DUTIES:

- Troubleshoot and inspect equipment to detect faults and malfunctions.
- Complete preventative maintenance checks and servicing.
- Complete electrical, interior, air brake system, and minor body repairs.
- Complete minor welding jobs when required.
- Perform other duties as required

QUALIFICATIONS:

- Knowledge and experience completing preventative maintenance checks and servicing on truck tractors.
- Knowledge and experience completing electrical, interior and air brake system on truck tractors.
- Strong interpersonal skills.
- Must be organized and able to meet deadlines.
- Able to supply a basic set of hand tools.
