

Enns Brothers in Steinbach is looking for an experienced
Agricultural Equipment Service Technician

- A skilled **journeyperson** or competent **apprentice** who has completed their **Level 3** and who is committed to continuous learning and excellence in your trade
- Excellent diagnostic and problem-solving abilities
- Proven knowledge of methods, materials, tools and techniques used in the diagnosis and repair of mechanical, electrical and hydraulic systems.
- Developed ability to positively interact with customers and co-workers
- Looking for a career with a proven, professional company and still enjoy the quality of life close to home

Why choose Enns Brothers for your career?

- One of the best total pay packages for Ag Technicians in the province, including a significant efficiency **incentive, competitive benefits package and retirement benefits plan**
- Dedicated to the success of our employees through **apprenticeships, internal hiring and promotion**, one on one coaching, tuition reimbursement
- Leaders in providing continuous **technical training** for our employees
- Very interested in your ideas and feedback – for more than 50 years we have supported a **team approach** to providing our customers the best service in the industry
- Proud to be a big part of every community in which we work and live
- Proud of our long term **relationships** with clients, some of whom have relied on us for their farm equipment needs for several generations
- Committed to providing **leading edge technology** to our clients including AMS products
- Innovators who are always looking for new ways to improve our service quality and to improve yield for our clients
- A **growing company** with 8 locations and nearly 300 employees
- Professionally managed but still privately held by people who live right here in Manitoba
