

PUBLIC SAFETY

**8-MONTH
ADVANCED
DIPLOMA**

Level up your prior post-secondary education with our Public Safety advanced diploma. Challenge yourself both physically and mentally, and craft the skills you need to work in today's justice system.

Why should you choose a career in Public Safety?

- 1 An accredited program**

This intensive eight-month advanced diploma program is the first of its kind in Manitoba and is offered in partnership with the Brandon Police Service. Assiniboine is the only post-secondary institution in Manitoba to offer a Public Safety program administered by the department of education and training and authorized by Manitoba Justice. Gain knowledge from instructors who continue to work in industry.
- 2 Serve your community**

Learn how to embrace the lifestyle that comes with being in the field of public safety. Stress management, mental health first aid and cross-cultural teachings are integrated so you gain the skills needed to thrive in this high-impact industry. This program will build on your life experience and prior post-secondary credential, giving you an edge upon graduation.
- 3 Active learning**

Tackle problems through group work that helps you develop communication skills, emotional intelligence and critical thinking. Your realistic scenario training will include investigating crime scenes, identifying and seizing evidence, and conducting both interviews and interrogations. Get out of the classroom with morning physical training, scenario training and community volunteer activities.
- 4 A career that makes a difference**

Graduates may find employment with municipal, regional, provincial or Indigenous police services in Manitoba, or with other police services across Canada. Opportunities also exist with Canada Border Services Agency, Sheriff's department, corrections, security firms, risk management and loss prevention.
