

PRACTICAL NURSING

**2-YEAR
DIPLOMA**

Make a difference in the lives of others with a rewarding career in health care. Your background in math and science, and your ability to problem solve and think critically, prepares you for a career in this high-demand industry.

Why should you choose a career in Practical Nursing?

- 1 Learn within a caring environment**
 Be a part of the interdisciplinary team that encompasses the physical, mental, emotional and spiritual needs of individuals, families and communities. Demonstrated flexibility is also essential to this profession. You will use critical thinking and best practices throughout this two-year program.
- 2 Unique learning experiences**
 Practice your hands-on practical skills taught in modern lab settings and also applied in acute and extended-care health facilities, personal care homes, community agencies and private homes during your clinical placement.
- 3 Choose your own future**
 You can make a difference in the health care profession as a licensed practical nurse. You will be a valued member of the interdisciplinary team as you use your full scope of practice to experience opportunities in various health care settings.
- 4 Lifelong learning**
 Be a lifelong learner as you grow in your chosen profession. Continue to learn within your competency as a licensed practical nurse. With a background in practical nursing, opportunities exist to develop special areas of practice, certification and credentials. Ask about options and potential credit transfers with our many partner institutions.
